RELIABLE VERSATILE ACCURATE

- **Wide range ideal for external beam and HDR/LDR brachytherapy measurements**
 - RATE: 0.001 pA – 500.0 nA
 - CHARGE: 0.01 pC – 999,999 nC
- **1 fA resolution & < 1 fA leakage**
measure small signals with confidence
- **Automate charge collections**
with threshold detecting trigger mode
- **Utilize chamber library and operate remotely**
with included MAX COMM™ Software

The popular MAX 4000 has been redesigned for improved performance and additional features including a backlit display
